

Questar states that by letter of April 21, 1995, Chevron notified Questar of its election to terminate Contract No. TH-112OH (Questar's Contract No. 00702 G-2) effective May 31, 1995, pursuant to Article 3 of the contract. Questar states that under the contract, it provided gathering service from Chevron's Government FS Prince #1 well through Questar's gathering Lateral Nos. 523-1 and 521. According to Questar, Chevron has expressed interest in purchasing Lateral No. 523-1 so that it could gather its own gas. The parties are currently negotiating a purchase and sale agreement for Lateral No. 523-1 and expect to execute the agreement in the near future. Questar asserts that Lateral No. 523-1 was never certificated and that Chevron is the only customer receiving gathering service over this facility. Questar explains that Chevron's well is the only one attached to this facility, and since Chevron will be providing its own gathering service after the sale of the lateral, there are no continuity of service issues in connection with the proposed termination of this gathering service by Questar.
